Bloodheir (Godless World #2) Mass Market Paperback – April 1, 2009 by Brian Ruckley (Author)

Bloodheir (Godless World #2): Ruckley, Brian **---**
Bloodheir is Ruckley's second novel in his Godless World series. I'm enjoying this series a bit more than Abercrombies' (see my review of Last Argument of Kings) because it isn't quite so cynical and hopeless, and there are some characters who believe a better world is possible. Not necessarily easy, though.

Bloodheir (The Godless World, #2) by Brian Ruckley
Meanwhile, the long-dormant Anain are stirring — and when the most potent race the world has ever known returns, the bloodletting may never stop. Bloodheir is the stunning sequel to Winterbirth , one of the most acclaimed epic fantasy debuts of recent years.

Bloodheir (Godless World Series #2) by Brian Ruckley **---**
"Bloodheir" macht genau da weiter, wo Winterbirth (The Godless World) aufgehört hat. Am Ende von "Winterbirth" hat sich angedeutet, dass auch "innenpolitisch" einiges im Argen liegt. Dies wird im 2. Band nur noch mehr bestätigt. Der Kampf der "Black Road" und der "True bloods" geht in die zweite Runde.

Bloodheir: The Godless World Book 2 by Ruckley Brian **---**
The second novel in Ruckley's Godless World trilogy. The war between the clans of the Black Road and the True Bloods has spread. As more blood is spilled on the battlefields, each side in the conflict is beset by internal dissent and disunity. The world has fallen from its former state. The war between the clans of the Black Road.

Godless World: Bloodheir (Series #02) (Paperback **---**
The second Godless World epic fantasy is bloody grim as Brian Ruckley continues to vividly paint an extremely dark realm. The story line is fast-paced and filled with non- stop action that traverses much of the Godless World.

The Godless world, so named because the Gods have long abandoned their creation, is a wonderfully intricate universe. If, as some reviews say, the reader is left with a feeling of confusion and non-understanding, this is in a good way: the world feels simply to big, old and complicated for simple explanation in a single book.

The world has fallen from its former state. The war between the clans of the Black Road and the True Bloods has spread. For Orisian, thane of the ruined Lannis Blood, there is no time to grieve the loss of his family, brutally slain by the invading armies. The Black Road must be stopped. However, as more blood is spilled on the battlefields, so each side in the conflict becomes more riven by internal dissent and disunity. Amidst the mounting chaos, Aeglyss the na'kyrim uses his new-found powers to twist everything and everyone around him to serve his own mad desires. Meanwhile, the long-dormant Anain are stirring - and when the most potent race the world has ever known returns, the bloodletting may never stop. BLOODHEIR is the stunning sequel to Winterbirth, one of the most acclaimed epic fantasy debuts of recent years.

An uneasy truce exists between the thanes of the True Bloods. Now, as another winter approaches, the armies of the Black Road march south, from their exile beyond the Vale of Stones. For some, war will bring a swift and violent death. Others will not hear the clash of swords or see the corpses strewn over the fields. Instead, they will see an opportunity to advance their own ambitions. But soon, all will fall under the shadow that is descending. For while the storm of battle rages, one man is following a path that will awaken a terrible power in him -- and his legacy will be written in blood.

The True Bloods are in disarray, their alliance crumbling and their armies humbled by the forces of the Black Road. Aeglyss, falling ever deeper into madness, casts a shadow across all. At the court of the High Thane, Anyara faces a savage struggle for survival against the na'kyrim's possessed agent: Mordyn Jerain, the Shadowhand. In the Glas Valley, Kanin, the embittered Horin-Gyre Thane, plots a desperate rising against the halfbreed. But ultimately it will be Orisian, Thane of a Blood that no longer exists, who must stand face to face with a darkly transcendent Aeglyss and make the sacrifice - of himself and others - required to end the threat he represents. FALL OF THANES is the spectacular conclusion to the Godless World trilogy, a sweeping epic of war, politics and empire.

From award-winning author, Ilona Andrews, an all-new novel set in the New York Times #1 bestselling Kate Daniels World and featuring Julie Lennart-Olsen, Kate and Curran's ward. Atlanta was always a dangerous city. Now, as waves of magic and technology compete for supremacy, it's a place caught in a slow apocalypse, where monsters spawn among the crumbling skyscrapers and supernatural factions struggle for power and survival. Eight years ago, Julie Lennart left Atlanta to find out who she was. Now she's back with a new face, a new magic, and a new name—Aurelia Ryder—drawn by the urgent need to protect the family she left behind. An ancient power is stalking her adopted mother, Kate Daniels, an enemy unlike any other, and a string of horrifying murders is its opening gambit. If Aurelia's true identity is discovered, those closest to her will die. So her plan is simple: get in, solve the murders, prevent the prophecy from being fulfilled, and get out without being recognized. She expected danger, but she never anticipated that the only man she'd ever loved could threaten everything. One small misstep could lead to disaster. But for Aurelia, facing disaster is easy; it's relationships that are hard.

Assigned to chaperone Queen Contessa and her husband on their honeymoon, Tess takes on pirates who abduct the royal couple for ransom-unaware that Tess's magic is the real treasure in their midst.

"Prepare for a snow-frosted, blood-drenched fairy tale where the monsters steal your heart and love ends up being the nightmare." - Roshani Chokshi, New York Times bestselling author of The Star-Touched Queen A girl who can speak to gods must save her people without destroying herself. A prince in danger must decide who to trust. A boy with a monstrous secret waits in the wings. Together, they must assassinate the king and stop the war. In a centuries-long war where beauty and brutality meet, their three paths entwine in a shadowy world of spilled blood and mysterious saints, where a forbidden romance threatens to tip the scales between dark and light. Wicked Saints is the thrilling start to Emily A. Duncan's devastatingly Gothic Something Dark and Holy trilogy. "This book destroyed me and I adored it."- Stephanie Garber, New York Times bestselling author of Caraval This edition uses deckle edges; the uneven paper edge is intentional.

They are the most feared mercenary company the kingdom has ever known. Led by Yulan, their charismatic captain, the Free have spent years selling their martial and magical skills to the highest bidder -- winning countless victories that have shaken the foundations of the world. Now they finally plan to lay down their swords. Yet when Yulan is offered a final contract, he cannot refuse -- for the mission offers him the chance to erase the memories of the Free's darkest hour, which have haunted him for years. As the Free embark on their last mission, a potent mix of loyalty and vengeance is building to a storm. Freedom, it seems, carries a deadly price.

Chaos is everywhere as the Lord of the Nexus orders his servant Haplo and the human child known as Bane to further their master's work on Arianus, the realm of air. But their one time companion Alfred has been cast into the deadly Labyrinth. And somehow the assassin Hugh the Hand has been resurrected to complete his dark mission. More important, the evil force that Haplo and Alfred discovered on Arianus has escaped. As Haplo's doubts about his master grow deeper, he must decide whether to obey the Lord of the Nexus or betray the powerful Patryn...and endeavor to bring peace to the universe.

After the four worlds Alfred has at last found his people on Chelstra, the realm of sea. But his travels have taught him to be cautious...and Alfred soon realizes his caution is justified, even among his own kind. The one person Alfred can trust is, strangely, Haplo the Patryn. But Haplo's lord has decreed all Sartan to be the enemy, and Haplo dares not go against his lord. Now the companions have arrived in a land where humans, elves, and dwarves have learned to live in peace. Unaware of an ever greater threat to all the realms, it is Sartan and Patryn who will disrupt this alliance of the lesser races in their struggle to gain control of all four worlds. Only Alfred and Haplo realize that they have a much older -- and more powerful -- enemy than each other...

In this first book of the Tenabran trilogy, Will de Parkin, Silvus and Sword Maiden Sister Winteridge set out on a quest to defeat the armies of the Dark and save the castle of Ys.
