From Children's Literature Legacy Award-winning author Nikki Grimes and acclaimed illustrator Elizabeth Zunon comes an adventurous bath time story. Bath time is full of magic. The faucet flows like a waterfall, the bathroom floor is a distant shore, toy boats sail against the waves. An imagination-fueled adventure on the high seas is just what it takes to get little one clean.

Nikki Grimes, Coretta Scott King Award winning author, and acclaimed illustrator Elizabeth Zunon's latest children's masterpiece creates an imagination-fueled and animal-filled journey to bedtime. "Has the feel of an all-time great bedtime picture book"-The New York Times It's bedtime. But Mommy's little one is not sleepy. He growls like a bear, he questions like an owl, he tosses his mane like a lion. He hunts for water like a sly wolf, and hides like a snake. Mommy needs to wrangle her sweet creature in bed so that the whole family can sleep. From tigers to squirrels to snakes, the little boy dodges around his bedtime, until he is tired enough to finally sleep. His imaginative animal friends weave their way through the illustrations, eventually joining him in curling up for the night. For those seeking children's books about diversity, this loving depiction of everyday shenanigans is sure to become a bedtime favorite. Bedtime for Sweet Creatures is an African American children's book that celebrates imagination, playful moments, and the love between a Black mother and child. "The mother's loving understanding is demonstrated by how she works with her child's rich imagination, never slipping into admonishment. As such, children will engage with the pajama-clad tot's antics and be soothed by the book's positive tone. A fabulous interpretation of an everyday battle."-Booklist, STARRED review

I'm finally mated to the Beast Lord. Our magical bond is INCREDIBLE. Thanks to his invention, we have children on the way. But will they be born werewolves, or something else? That's not all I'm worried about. I've been having intense dreams. In my sleep, I slip into the skin of animals or people. I share their minds, their lives-and their deaths. I wake up screaming Demon dreams. I know there's a powerful, scary-as-hell monster out there. It wants to eat me-and not in the way I'd enjoy. If I'm not careful, I'll end up on its menu.
