The sixth edition of 'General
Chemistry' continues the tradition of
presenting only the material that is
essential for a one-year general
chemistry course. It strikes a balance
between theory and application by
incorporating real-world examples.

Although the sixth edition incorporates many impressive features, such as macro to micro artwork, animations correlated to the text, and hand-sketched worked examples, General Chemistry is still 200 to 300 pages shorter and much less expensive than other two-semester textbooks.

General Chemistry: The Essential Concepts, 6th Edition ...

PREFACE The sixth edition of General Chemistry: The Essential Concepts, continues the tradition of presenting only the material that is essential to a one-year general chemistry course. As with previous editions, it includes all the core topics that are necessary for a solid foundation in general chemistry without sacrificing depth, clarity, or rigor.
