Martin Pistorius is a South African man who had locked-in syndrome and was unable to move or communicate for 12 years. When he was 12, he began losing voluntary motor control and eventually fell into a vegetative state for three years. He began regaining consciousness around age 16 and achieved full consciousness by age 19, although he was still completely paralyzed with the exception of his eyes. He was unable to communicate with other people until his caregiver Virna van der Walt noticed that

Martin Pistorius — Wikipedia

4.5 Stars 'Ghost Boy' is the raw and emotional memoir of Martin Pistorius, who was misdiagnosed when he fell ill as a preteen and had to endure the next ten years of his life trapped inside his own body and not knowing if things would ever change for him. It's an emotional roller coaster of a book - heartbreaking and tragic, but at the same time full of hope and faith.
