Summary: Act I, scene iii. In Polonius's house, Laertes prepares to leave for France. Bidding his sister, Ophelia, farewell, he cautions her against falling in love with Hamlet, who is, according to Laertes, too far above her by birth to be able to love her honorably. Since Hamlet is responsible not only for his own feelings but for his position in the state, it may be impossible for him to marry her.

Hamlet is a tragedy by William Shakespeare, believed to have been written between 1599 and 1601. The play, set in Denmark, recounts how Prince Hamlet exacts revenge on his uncle Claudius, who has murdered Hamlet's father, the King, and then taken the throne and married Hamlet's mother. The play vividly charts the course of real and feigned madness—from overwhelming grief to seething rage—and explores themes of treachery, revenge, incest, and moral corruption.

Hamlet is the story of the Prince of Denmark who learns of the death of his father at the hands of his uncle, Claudius. Claudius murders Hamlet's father, his own brother, to take the throne of Denmark and to marry Hamlet's widowed mother. Hamlet is sunk into a state of great despair as a result of discovering the murder of his father and the infidelity of his mother. Hamlet is torn between his great sadness and his desire for the revenge of his father's murder. Though yet of Hamlet our dear brother's death

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the
