Obtain a sheep heart and place the heart in a dissecting tray. Imagine the heart in the body of a person facing you. The left side of

Online Library Heart Dissection Lab Guide

their heart is on their left, but since you are facing them, it is on your right. Position your heart in the tray so that it matches the diagram below.

Sheep Heart Dissection

1. Place a heart in a dissecting pan & rinse off the excess preservative with tap water. Pat

Online Library Heart Dissection Lab Guide

the heart dry. 2. Examine the heart and locate the thin membrane or pericardium that still covers the heart. The pericardium or pericardial sac, is a double-layered closed sac that surrounds the heart and anchors it. The pericardium
