Before: After: The truck is a 1999 Dodge Dakota club cab 4X4 with a V6 gas engine and automatic transmission. The engine is a 2000 Isuzu 4HF1 normally aspirated 4L out of a NKR 3 ton truck. The NKR was never imported into North America except for a few "demonstration" vehicles, it is a smaller version of the popular Isuzu NPR which uses basically the same engine only with a turbo.

Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The I-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.

If you want to make sure your home or office equipment repair is done right or that you are keeping track of your car, motorcycle or other vehicle repairs and maintenance, grab a copy of our Maintenance Log Book and keep track of equipment and general maintenance procedures. It is simple and easy to use because it enables the user to document every repair with date and what has been done. It is designed to log all repairs and new equipment and it is a log book that records maintenance and repairs of virtually any piece of equipment or vehicles.

Excerpt from Zigzag Journeys in Acadia and New France: A Summer's Journey of the Zigzag Club Through the Historic Fields of the Early French Settlements of America It is hoped that the light narrative, with its pictures, legends, and interpolated stories, may awaken an interest in the young mind that will lead to the readingof more solid books on the same countries and topics, as maturer years follow the story-loving. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

In this authoritative account of the Japanese automobile industry, Professor Shimokawa focuses upon its business success as a relative latecomer to the worldwide market. He includes profiles of the leading producers, including Toyota, Nissan, Honda and Mitsubishi, and highlights the features of their success in management and design.

This book takes a completely new look at the Anthroposophical Soul Calendar. It is ababout the deeper meaning of the fifty-two weekly verses, which has remained essentially unexplored in the last hundred years since the first edition by Rudolf Steiner. A dense veil of Isis was spread over them, of which is well known that no mortal person can lift it. Only the immortal, psycho-spiritual human being, who knows himself at home in the extrasensory, higher worlds, is capable of doing this. Only to him the weekly verses reveal themselves as a travel guide through these worlds and lift him up to ever higher spiritual-cosmic realms until he reaches the experience of God, from where he gradually descends again into a new life on Earth, enriched in spirit and fertilized in his soul. If the reader embarks on this journey, the spiritual archetype of the Soul Calendar is ultimately unveiled to him and he achieves an extended understanding of Man and Christ. By many quotations from Rudolf Steiner's lectures and books, the author virtually lets Steiners himself elucidate the breathtaking depths of his mysterious weekly verses.
