"It was half past five in the morning as I lurched through the front door of the B&B. Mrs. O'Sullivan appeared just in time to see me pause to admire the luminous Virgin holy water stand with integral night-light, and knock it off the wall. Politely declining the six rounds of ham sandwiches on the tray she was holding, I edged gingerly along the hallway to the wrong bedroom door and opened it." Despite the many exotic places Peter McCarthy has visited, he finds that nowhere else can match the particular magic of Ireland, his mother's homeland. In McCarthy's Bar, his journey begins in Cork and continues along the west coast to Donegal in the north. Traveling through spectacular landscapes, but at all times obeying the rule, "never pass a bar that has your name on it," he encounters McCarthy's bars up and down the land, meeting fascinating people before pleading to be let out at four o'clock in the morning. Through adventures with English hippies who have colonized a desolate mountain; roots-seeking, buffet-devouring American tourists; priests for whom the word "father" has a loaded meaning; enthusiastic Germans who "here since many years holidays are making;" and his fellow barefoot pilgrims on an island called Purgatory, Peter pursues the secrets of Ireland's global popularity and his own confused Irish-Anglo identity. Written by someone who is at once an insider and an outsider, McCarthy's Bar is a wonderfully funny and affectionate portrait of a rapidly changing country.

Pete McCarthy established one cardinal rule of travel in his bestselling debut, McCarthy's Bar: "Never pass a bar with your name on it." In this equally wry and insightful follow-up, his characteristic good humor, curiosity, and thirst for adventure take him on a fantastic jaunt around the world in search of Irish roots -- from Morocco, where he tracks down the unlikely chief of the McCarthy clan, to New York, and finally to remote Mc-Carthy, Alaska. The Road to McCarthy is a quixotic and anything-but-typical Irish odyssey that confirms Pete McCarthy's status as one of our funniest and most incisive writers.

Pete McCarthy's tale of his hilarious trip around Ireland has gained thousands of fans all over the world. Pete was born in Warrington to an Irish mother and an English father and spent happy summer holidays in Cork. Years later, reflecting on the many places he has visited as a travel broadcaster, Pete admits that he feels more at home in Ireland than anywhere. To find out whether this is due to rose-coloured spectacles or to a deeper tie with the country of his ancestors, Pete sets off on a trip around Ireland and discovers that it has changed in surprising ways. Firstly obeying the rule 'never pass a pub with your name on it', he encounters McCarthy's bars up and down the land, and meets English hippies, German musicians, married priests and many others. A funny, affectionate look at one of the most popular countries in the world.

Recounts the author's experiences hitchhiking on a bet all the way around Ireland with a small refrigerator, and shares his impressions of the people and places along the way.

An "engrossing" memoir of a Royal Air Force doctor 's World War II experiences, from surviving Dunkirk to witnessing Nagasaki (The Irish Times). As an RAF medical officer, Aidan MacCarthy served in France, survived Dunkirk, and was interned by the Japanese in Java, where his ingenuity helped his fellow prisoners through awful conditions. While en route to Japan in 1944, his ship was torpedoed, sending him into the Pacific. Miraculously, MacCarthy was rescued by a whaling boat—only to be re-interned in Japan. Ironically, it was the dropping of the atomic bomb at Nagasaki that saved his life, though it also meant being an eyewitness to the horror and devastation it caused. Long out of print, this remarkable war memoir was rediscovered during a journey through Ireland by Pete McCarthy, author of McCarthy 's Bar, who describes it as "jaw-dropping." "Written in a straightforward, matter-of-fact tone, this book is marked by the author 's ability to keep cool under adversity and by his admirable sense of humor and irony. A wonderful, if chilling work." —Publishers Weekly "A gripping read." —Evening Echo

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. A New York Times Notable Book One of the Best Books of the Year The Boston Globe, The Christian Science Monitor, The Denver Post, The Kansas City Star, Los Angeles Times, New York, People, Rocky Mountain News, Time, The Village Voice, The Washington Post

Kevin O'Hara's journey of self-discovery begins as a mad lark: who in their right mind would try to circle the entire coastline of Ireland on foot—and with a donkey and cart no less? But Kevin had promised his homesick Irish mother that he would explore the whole of the Old Country and bring back the sights and the stories to their home in Massachusetts. Determined to reach his grandmother's village by Christmas Eve, Kevin and his stubborn but endearing donkey, Missie, set off on 1800-mile trek along the entire jagged coast of a divided Ireland. Their rollicking adventure takes them over mountains and dales, through smoky cities and sleepy villages, and into the farmhouses and hearts of Ireland's greatest resource—its people. Along the way, Kevin would meet incredible characters, experience Ireland in all of its glory, and explore not only his Irish past, but find his future self. "One of the finest books about contemporary Ireland ever written...In a style evocative of Steinbeck's Travels with Charley, O'Hara writes memorably of his most unusual way of touring his ancestral home of Ireland." —Library Journal At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The actor-turned-travel writer meditates on how travel has helped him to overcome life-long fears and confront his resistance to commitment, tracing his soul-searching visits to such world regions as Patagonia, the Amazon, and Kilimanjaro.

From the bestselling author of The Sex Lives of Cannibals, the laugh-out-loud true story of his years on the islands of Vanuatu and Fiji, among cannibals, volcanoes . . . and the world 's best narcotics. With The Sex Lives of Cannibals, Maarten Troost established himself as one of the most engaging and original travel writers around. Getting Stoned with Savages again reveals his wry wit and infectious joy of discovery in a side-splittingly funny account of life in the farthest reaches of the world. After two grueling years on the island of Tarawa, battling feral dogs, machete-wielding neighbors, and a lack of beer on a daily basis, Maarten Troost was in no hurry to return to the South Pacific. But as time went on, he realized he felt remarkably out of place among the trappings of twenty-first-century America. When he found himself holding down a job—one that might possibly lead to a career—he knew it was time for he and his wife, Sylvia, to repack their bags and set off for parts unknown. Getting Stoned with Savages tells the hilarious story of Troost 's time on Vanuatu—a rugged cluster of islands where the natives gorge themselves on kava and are still known to "eat the man." Falling into one amusing misadventure after another, Troost struggles against typhoons, earthquakes, and giant centipedes and soon finds himself swept up in the laid-back, clothing-optional lifestyle of the islanders. When Sylvia gets pregnant, they decamp for slightly-more-civilized Fiji, a fallen paradise where the local chiefs can be found watching rugby in the house next door. And as they contend with new parenthood in a country rife with prostitutes and government coups, their son begins to take quite naturally to island living—in complete contrast to his dad.

During the sixties and seventies Tommy was chief songwriter for The Sands Family, who played wherever they were welcome, from local wakes and weddings to New York's Carnegie Hall. He tells of his family's traditional way of life; of the turbulent days of the civil rights movement;
