Destiny is cruel... Since the moment they first met, in another life time, another world, Dalair and Sophia could not deny the longings of their heart, their souls, for each other. But the stars aligned against them, capriciously pushing them together only to heartlessly tear them apart. She was never meant to be his, but he gave all of himself to protect her. Fate can be rewritten... Both reawakened to their long buried memories, they fight desperately against the prophesies that shackle them. Sophia, the first-ever Pure Queen, the reigning queen, and the Destroyer of races, must find a way to save Dalair's soul before it's too late. Dalair, trapped in a body that no longer obeys his will, controlled by thoughts that are not his own, fights to the

death to reclaim his soul. And to reclaim, in the process, the only woman he's ever loved. But at what cost? The Pure Ones might have triumphed over one adversary, but the more devious villain remains, continuing to spread chaos and mass destruction. Will Sophia and Dalair overcome the odds and carve a new, better future, or will they succumb to the Darkness? Including the enemy within—him.

Populist forces are becoming increasingly relevant across the world, and studies on populism have entered the mainstream of the political science discipline. However, so far no book has synthesized the ongoing debate on how to study the populist phenomenon. This handbook provides state of the art research and scholarship on populism, and lays out, not only the cumulated knowledge on populism, but also the ongoing discussions and research gaps on this topic. IThe Oxford Handbook of Populism is divided into four sections. The first presents the main conceptual approaches on populism and points out how the phenomenon in question can be empirically analyzed. The second focuses on populist forces across the world and includes chapters on Africa, Australia and New Zealand, Central and Eastern Europe, East Asia, India, Latin America, the Post-Soviet States, the United States, and Western Europe. The third reflects on the interaction between populism and various relevant issues both from a scholarly and political point of view. Amongst other issues, chapters analyze the relationship between populism and fascism, foreign policy, gender, nationalism, political parties, religion, social movements and technocracy. Finally, the fourth part includes some of the most recent normative debates on populism, including chapters on populism and cosmopolitanism, constitutionalism, hegemony, the history of popular sovereignty, the idea of the people, and socialism. The handbook features contributions from leading experts in the field, and is indispensable, positioning the study of populism in political science.

At the intersection of astronautics, computer science, and social science, this book introduces the challenges and insights associated with computer simulation of human society in outer space, and of the dynamics of terrestrial enthusiasm for space exploration. Never before have so many dynamic representations of space-related social systems existed, some deeply analyzing the logical implications of social-scientific theories, and others open for experience by the general public as computer-generated virtual worlds. Fascinating software ranges from multi-agent artificial intelligence models of civilization, to space-oriented massively multiplayer online games, to educational programs suitable for schools or even for the world's space exploration agencies. At the present time, when actual forays by humans into space are scarce, computer simulations of space societies are an excellent way to prepare for a renaissance of exploration beyond the bounds of Earth.

\*\*\* 2018 Reader's Favorite Finalist \*\*\* Enter the world of Pure Ones, a race of immortal, supernaturally powerful beings who protect humankind, where sexual intercourse with anyone other than one's Eternal Mate leads to a slow, painful death within thirty days. The Healer of the race, Rain, is the only exception to this rule. To harness and accumulate enough energy to heal severe wounds, especially as the war between her people and the vampire hordes accelerates, she must take a Consort once every ten years and draw strength from his blood and body. But as the war wears on, few Pure-males who are strong enough to serve as her Consort remain. Valerius, Protector of the race, is the strongest candidate. Despite their instant attraction ten years ago when they first met, Valerius has staunchly avoided applying to be the Healer's Consort. The brutality and violence he suffered as a Roman sex slave in his human life ate away at his soul, leaving a dark abyss of torment and self-doubt. Now, as Rain's strength drains with every healing act, Valerius cannot escape the fact that he may be the only one who can save her, and in so doing, afford his people greater hope for the future as battles intensify. Will Rain and Valerius find their way to each other as the struggles between good and evil evolve? \*\*\* Trigger Warning \* Sexual Abuse. \*\*\*

Biography is one of the most widespread literary genres worldwide. Biographies and autobiographies of actors, politicians, Nobel Prize winners, and other famous figures have never been more prominent in book shops and publishers' catalogues. This Handbook offers a wide-ranging, multi-authored survey on biography in Antiquity from its earliest representatives to Late Antiquity. It aims to be a broad introduction and a reference tool on the one hand, and to move significantly beyond the state-of-the-art on the other. To this end, it addresses conceptual questions about this sprawling genre, offers both in-depth readings of key texts and diachronic studies, and deals with the reception of ancient biography across multiple eras up to the present day. In addition, it takes a wide approach to the concept of ancient biography by examining biographical depictions in different textual and visual media (epigraphy, sculpture, architecture) and by providing outlines of biographical developments in ancient and late antique cultures other than Graeco-Roman. Highly accessible, this book aims at a broad audience ranging from specialists to newcomers in the field. Chapters provide English translations of ancient (and modern) terminology and citations. In addition, all individual chapters are concluded by a section containing suggestions for further reading on their specific topic.

Who he was... The Creature was not always an "it," a monster and tool for Medusa's use. Once upon a time, he was a boy, and then a man. He had a name—Erebu. Twice, he sacrificed himself for love. Twice he died and was revived by his Mistress. In the process, he lost his soul and buried the painful memories where no one could find them, least of all him. Who he is... Now one of Medusa's most brilliant henchmen, captured by the Pure Ones yet treated like a friend rather than a foe, the Creature is reminded of the soul he lost, the memories he'd forgotten, and the dream he used to hope for. But first, he must confront the past. Who he is meant to be... The Creature realizes that he matters, he has will, even if he is not completely free; that

## Download Free Pure One Elite User Manual

without darkness there is no light, and that darkness can be beautiful too. When his newfound friends—his family—are threatened, will the Creature find the strength to fight for love? Will he make the right choice and change the course of Destiny?

We are who we are... For as long as it can remember, it has been known as the Creature. Neither he nor she, neither Pure nor Dark...a beautiful abomination to all races and Kinds. A faithful henchman of the evil Medusa, it has perpetrated dark deeds beyond redemption, even if its own hands have never directly taken a life. We are who we're made... Once upon a time, the Creature was conceived in love, a True Love that endured across millennia of trials and tribulations. Its parents have never given up hope that they would one day recover their lost son. And, too, the Creature was not always as it is now. But circumstances shriveled its heart and suffocated its soul, forging a being who cares about nothing and no one— Until now.

A lost king... Goya is a rare magical being: a royal Beast. And not just any animal shifter, but the king of the earthly realm--the great white tiger. But now he is a king without a home, cut off from his kin, and trapped in a human body against his will. A single mother... Maddie Peterson is a career-minded single mother who has a fundamental distrust (and often, dislike) of men, especially in light of her cheating ex-husband and manipulative co-worker. But, then, she's never met a male like Goya before. Opposite worlds collide... When Maddie welcomes the silent stranger into her home, there is no denying their animal attraction. She teaches him how to be human, and he teaches her how to be wild. But when he gives his heart and soul to her, the pure spirit of the noblest of Beasts, is she brave enough to accept him as a partner into her life, as well as step into his fantastical, dangerous world?

Aella Alexander: An Amazon warrior in her human life, Aella has always taken and fought for what she wanted, and what Aella wanted, she got. Until him. Cloud Drako: The mysterious new recruit to the Pure Ones' team of Elite soldiers is not what he seems. He has a critical role to fulfill to maintain Balance in the universe... He cannot afford to be distracted by her. Destiny is shaped by choices made: The past cannot be changed, a past that neither Cloud nor Aella remembers. But the future is yet unwritten. In this present time, with this second chance, Cloud must make his ultimate stand: to carry out the role he's been assigned, or to embrace an uncertain future, knowing that his choice would be irrevocable. Absolute. And that the souls of countless innocents depend upon it... Can Aella help him choose wisely, or will she lead them all to ruin?

I have always loved him. Though that love has evolved, metamorphosed, transmuted over time (and sometimes it felt a little—maybe a lot—like hate), what hasn't ever changed is that I love him. But I didn't comprehend the depth of my love, the teeth and claws and desperate prayers of my love, until six hours ago: They say he's missing... The Royal Zodiac—me and my inner circle—hasn't been complete these past two years since the attack. Every time we get close to a potential candidate to recruit into our ranks, they disappear, the most likely scenario being that Medusa and her minions got to them first. And now she has Dalair. I won't rest until I get him back. My name is Sophia Victoria St. James. I am Queen of the Pure Ones. This is my Awakening.
