Do you feel like you are too nice? Sherry Argov's *Why Men Love Bitches* delivers a unique perspective as to why men are attracted to a strong woman who stands up for herself. With saucy detail on every page, this no-nonsense guide reveals why a strong woman is much more desirable than a "yes woman" who routinely sacrifices herself. The author provides compelling answers to the tough questions women often ask: · Why are men so romantic in the beginning and why do they change? · Why do men take nice girls for granted? · Why does a man respect a woman when she stands up for herself? Full of advice, hilarious real-life relationship scenarios, "she says/he thinks" tables, and the author's unique "Attraction Principles," *Why Men Love Bitches* gives you bottom-line answers. It helps you know who you are, stand your ground, and relate to men on a whole new level. Once you've discovered the feisty attitude men find so magnetic, you'll not only increase the romantic chemistry—you'll gain your man's love and respect with far less effort.

it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In *The 48 Laws of Power*, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, *Volume Three*, was wack. People set higher standards for me, and I love it.

**#1 NEW YORK TIMES BESTSELLER • Includes two new essays! NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY MICHIKO KAKUTANI, THE NEW YORK TIMES • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUZZFEED, THE GLOBE AND MAIL, AND LIBRARY JOURNAL** For readers of Nora Ephron, Tina Fey, and David Sedaris, this hilarious, wise, and fiercely candid collection of personal essays establishes Lena Dunham—the acclaimed creator, producer, and star of HBO's *Girls*—as one of the most original young talents writing today. In *Not That Kind of Girl*, Dunham illuminates the experiences that are part of making one's way in the world: falling in love, feeling alone, being ten pounds overweight despite eating only health food, having to prove yourself in a room full of men twice your age, finding true love, and most of all, having the guts to believe that your story is one that deserves to be told. “Take My Virginity (No Really, Take It)” is the account of Dunham's first time, and how her expectations of sex didn't quite live up to the actual event (“No floodgate had been opened, no vault of true womanhood unlocked”); “Girls & Jerks” explores her former attraction to less-than-nice guys—guys who had perfected the “dynamic of disrespect” she found so intriguing; “Is This Even Real?” is a meditation on her lifelong obsession with death and dying—what she calls her “genetically predestined morbidity.” And in “I Didn't F\*\*\* Them, but They Yelled at Me,” she imagines the tell-all she will write when she is eighty and past caring, able to reflect honestly on the sexism and condescension she has encountered in Hollywood, where women are “treated like the paper thingies that protect glasses in hotel bathrooms—necessary but infinitely disposable.” Exuberant, moving, and keenly observed, *Not That Kind of Girl* is a series of dispatches from the frontlines of the struggle that is growing up. “I'm already predicting my future shame at thinking I had anything to offer you,” Dunham writes. “But if I can take what I've learned and make one menial job easier for you, or prevent you from having the kind of sex where you feel you must keep your sneakers on in case you want to run away during the act, then every misstep of mine will have been worthwhile.” Praise for *Not That Kind of Girl* “The gifted Ms. Dunham not only writes with observant precision, but also brings a measure of perspective, nostalgia and an older person's sort of wisdom to her portrait of her (not all that much) younger self and her world. . . . As acute and heartfelt as it is funny.” —Michiko Kakutani, *The New York Times* “It's not Lena Dunham's candor that makes me gasp. Rather, it's her writing—which is full of surprises where you least expect them. A fine, subversive book.” —David Sedaris “This book should be required reading for anyone who thinks they understand the experience of being a young woman in our culture. I thought I knew the

author rather well, and I found many (not altogether welcome) surprises. ” —Carroll Dunham  
“ Witty, illuminating, maddening, bracingly bleak . . . [Dunham] is a genuine artist, and a disturber of the order. ” —The Atlantic

In the cloud-washed airspace between the cornfields of Illinois and blue infinity, a man puts his faith in the propeller of his biplane. For disillusioned writer and itinerant barnstormer Richard Bach, belief is as real as a full tank of gas and sparks firing in the cylinders...until he meets Donald Shimoda--former mechanic and self-described messiah who can make wrenches fly and Richard's imagination soar.... In *Illusions*, the unforgettable follow-up to his phenomenal bestseller *Jonathan Livingston Seagull*, Richard Bach takes to the air to discover the ageless truths that give our souls wings: that people don't need airplanes to soar...that even the darkest clouds have meaning once we lift ourselves above them... and that messiahs can be found in the unlikeliest places--like hay fields, one-traffic-light midwestern towns, and most of all, deep within ourselves.

Steve Harvey, the host of the nationally syndicated *Steve Harvey Morning Show*, can't count the number of impressive women he's met over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. Yet when it comes to relationships, they can't figure out what makes men tick. Why? According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man. In *Act Like a Lady, Think Like a Man*, Steve lets women inside the mindset of a man and sheds light on concepts and questions such as: The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . . . Sometimes funny, sometimes direct, but always truthful, *Act Like a Lady, Think Like a Man* is a book you must read if you want to understand how men think when it comes to relationships.

If Ridley Jones had slept ten minutes later or had taken the subway instead of waiting for a cab, she would still be living the beautiful lie she used to call her life. She would still be the privileged daughter of a doting father and a loving mother. Her life would still be perfect—with only the tiny cracks of an angry junkie for a brother and a charming drunk with shady underworld connections for an uncle to mar the otherwise flawless whole. But that 's not what happened. Instead, those inconsequential decisions lead her to perform a good deed that puts her in the right place at the right time to unleash a chain of events that brings a mysterious package to her door—a package which informs her that her entire world is a lie. Suddenly forced to question everything she knows about herself and her family, Ridley wanders into dark territory she never knew existed, where everyone in her life seems like a stranger. She has no idea who 's on her side and who has something to hide—even, and maybe especially, her new lover, Jake, who appears to have secrets of his own.
