Critical Race Theory, Comic Books and the Power of Public Schools (July 9, 2021) " Chlorine Sky " by Mahogany L. Browne " Halfway Home: Race, Punishment and the Afterlife of Mass Incarceration ...

Presents the collected short stories of a master of the form, along with his letters, plays, diaries, and screenplays.

A volume which introduces a classic of Russian literature to students, teachers and other interested readers.

Based on Babel's own diaries that he wrote during the Russo-Polish war of 1920, Red Cavalry is a lyrical, unflinching and often startlingly ironic depiction of the violence and horrors of war. A classic of modern fiction, the short stories are as powerful today as they were when they burst onto the Russian literary landscape nearly a century ago. The narrator, a Russian-Jewish intellectual, struggles with the tensions of his dual identity; fact blends with fiction; the coarse language of soldiers combines with an elevated literary style; cultures, religions and different social classes collide. Shocking, moving and innovative, Red Cavalry is one of the masterpieces of Russian literature.

The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history. It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves. However, until now, historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature. The Russian Revolution and Civil War, 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history. The Bibliography focuses on the key years of 1917 to 1921, starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921, and covers all the key events of the intervening years. As such it identifies these crucial years as something more than simply the creation of a communist state.

A literary cult figure on a par with Franz Kafka, Isaac Babel has remained an enigma ever since he disappeared, along with his archive, inside Stalin's secret police headquarters in May of 1939. Made famous by Red Cavalry, a book about the Russian civil war (he was the world's first "embedded" war reporter), another book about the Jewish gangsters of his native Odessa, and yet another about his own Russian Jewish childhood, Babel has been celebrated by generations of readers, all craving fuller knowledge of his works and days. Bringing together scholars of different countries and areas of specialization, the present volume is the first examination of Babel's life and art since the fall of communism and the opening of Soviet archives. Part biography, part history, part critical examination of the writer's legacy in Russian, European, and Jewish cultural contexts, The Enigma of Isaac Babel will be of interest to the general reader and specialist alike.

'Everyone makes mistakes, even God.' In the original Odessa Stories collection published in 1931, Babel describes the life of the fictional Jewish mob boss Benya Krik - one of the great anti-heroes of Russian literature - and his gang in the ghetto of Moldavanka, around the time of the October Revolution. Praised by Maxim Gorky and considered one of the great masterpieces of twentieth-century Russian literature, this is the first ever stand-alone collection of all Babel's narratives set in the city, and includes the original stories as well as later tales.

Edited by his daughter Nathalie and translated by award winner Peter Constantine, this paperback edition includes the stunning "Red Cavalry Stories"; "The Odessa Tales," featuring the legendary gangster Benya Krik; and the tragic later stories, including "Guy de Maupassant."
