'Speakout' is a 6-level general English course for adults, bridging the gap between the classroom and the real world helping students express themselves in English.

For those who have suffered the loss of a loved one, here are strength and thoughtful words to inspire and comfort.

This course translates the theory of task-based learning into a practical and user-friendly coursebook, recognizing that the performance of regular spoken and written tasks is crucial to successful language acquisition. It combines elements of the task-based approach with a strong emphasis on vocabulary, alongside a comprehensive grammar and skills syllabus.

"The presentation and practice of vocabulary and grammar are of equal importance and there is a strong focus on listening and speaking with an emphasis on 'real world' language for social situations. The listening and reading material provides fresh new angles on universal topics and students are given numerous opportunities to practise new language through a wide variety of communicative activities, many of which are personalised. face2face is also fully compatible with the Common European Framework of Reference for Languages and gives students regular opportunities to evaluate their progress." - product description.
