The United States has 62 protected areas known as national parks that are operated by the National Park Service, an agency of the Department of the Interior. National parks must be established by an act of the United States Congress. A bill creating the first national park, Yellowstone, was signed into law by President Ulysses S. Grant in 1872, followed by Mackinac National Park in 1875 ...

List of national parks of the United States - Wikipedia

#7 in Best U.S. National Parks Hoodoos are odd-shaped pillars of rock left standing from forces of erosion, and Bryce Canyon is home to the most extensive collection of hoodoos in the world.
