Unlike the other books I have read (and loved) by Hugh Howey, this one is a "regular" book (not scifi, post-apocalyptic, or dystopian) for young adults about a hurricane that devastates the town of Beaufort, North Carolina. Daniel Stillman, 17, feels like an outcast in high school.

The Hurricane has no major twists or surprises. It is just a great book. Howey writes the main character Daniel so realistically you really feel for him and understand what he and his family are going through. I have never read a bad Hugh Howey book and don't know that I ever will. I look forward to anything he writes.

Hugh Howey presents family conflict and relationships against a backdrop of disaster. The characters are believable, and the children act in an age-appropriate manner. Although the end moves slower than I would have liked, "The Hurricane" is a good read that will keep you engaged and interested.
